later regained the independence which was theirs at a still earlier age. This part of the world is made up of these tiny realms, diminutive in comparison with the great kingdoms of the West, or the great sultanates of the farther East, but important in their control of the caravan routes, and in the wealth concentrated in them.

'Khauran is the most southeasterly of these principalities, bordering on the very deserts of eastern Shem. The city of Khauran is the only city of any magnitude in the realm, and stands within sight of the river which separates the grasslands from the sandy desert, like a watch-tower to guard the fertile meadows behind it. The land is so rich that it yields three and four crops a year, and the plains north and west of the city are dotted with villages. To one accustomed to the great plantations and stock-farms of the West, it is strange to see these tiny fields and vineyards; yet wealth in grain and fruit pours from them as from a horn of plenty. The villagers are agriculturists, nothing else. Of a mixed, aboriginal race, they are unwarlike, unable to protect themselves, and forbidden the possession of arms. Dependent wholly upon the soldiers of the city for protection, they are helpless under the present conditions. So the savage revolt of the rural sections, which would be a certainty in any Western nation, is here impossible.

'They toil supinely under the iron hand of Constantius, and his black-bearded Shemites ride incessantly through the fields, with whips in their hands, like the slave-drivers of the black serfs who toil in the plantations of southern Zingara.

'Nor do the people of the city fare any better. Their wealth is stripped from them, their fairest daughters taken to glut the insatiable lust of Constantius and his mercenaries. These men are utterly without mercy or compassion, possessed of all the characteristics our armies learned to abhor in our wars against the Shemitish allies of Argos—inhuman cruelty, lust, and wild-beast ferocity. The people of the city are Khauran's ruling caste, predominantly Hyborian, and valorous and war-like. But the treachery of their queen delivered them into the hands of their oppressors. The Shemites are the only armed force in Khauran, and the most hellish punishment is inflicted on any Khaurani found possessing weapons. A systematic persecution to destroy the young Khaurani men able to bear arms has been savagely

pursued. Many have ruthlessly been slaughtered, others sold as slaves to the Turanians. Thousands have fled the kingdom and either entered the service of other rulers, or become outlaws, lurking in numerous bands along the borders.

'At present there is some possibility of invasion from the desert, which is inhabited by tribes of Shemitish nomads. The mercenaries of Constantius are men from the Shemitish cities of the west, Pelishtim, Anakim, Akkharim, and are ardently hated by the Zuagirs and other wandering tribes. As you know, good Alcemides, the countries of these barbarians are divided into the western meadowlands which stretch to the distant ocean, and in which rise the cities of the town-dwellers, and the eastern deserts, where the lean nomads hold sway; there is incessant warfare between the dwellers of the cities and the dwellers of the desert.

'The Zuagirs have fought with and raided Khauran for centuries, without success, but they resent its conquest by their western kin. It is rumored that their natural antagonism is being fomented by the man who was formerly the captain of the queen's guard, and who, somehow escaping the hate of Constantius, who actually had him upon the cross, fled to the nomads. He is called Conan, and is himself a barbarian, one of those gloomy Cimmerians whose ferocity our soldiers have more than once learned to their bitter cost. It is rumored that he has become the right-hand man of Olgerd Vladislav, the *kozak* adventurer who wandered down from the northern steppes and made himself chief of a band of Zuagirs. There are also rumors that this band has increased vastly in the last few months, and that Olgerd, incited no doubt by this Cimmerian, is even considering a raid on Khauran.

'It can not be anything more than a raid, as the Zuagirs are without siege-machines, or the knowledge of investing a city, and it has been proven repeatedly in the past that the nomads in their loose formation, or rather lack of formation, are no match in hand-to-hand fighting for the well-disciplined, fully-armed warriors of the Shemitish cities. The natives of Khauran would perhaps welcome this conquest, since the nomads could deal with them no more harshly than their present masters, and even total extermination would be preferable to the suffering they have to endure. But they are so cowed and helpless that they could give no aid to the invaders.

'Their plight is most wretched. Taramis, apparently possessed of a demon, stops at nothing. She has abolished the worship of Ishtar, and turned the temple into a shrine of idolatry. She has destroyed the ivory image of the goddess which these eastern Hyborians worship (and which, inferior as it is to the true religion of Mitra which we Western nations recognize, is still superior to the devil-worship of the Shemites) and filled the temple of Ishtar with obscene images of every imaginable sort—gods and goddesses of the night, portrayed in all the salacious and perverse poses and with all the revolting characteristics that a degenerate brain could conceive. Many of these images are to be identified as foul deities of the Shemites, the Turanians, the Vendhyans, and the Khitans, but others are reminiscent of a hideous and half-remembered antiquity, vile shapes forgotten except in the most obscure legends. Where the queen gained the knowledge of them I dare not even hazard a guess.

'She has instituted human sacrifice, and since her mating with Constantius, no less than five hundred men, women and children have been immolated. Some of these have died on the altar she has set up in the temple, herself wielding the sacrificial dagger, but most have met a more horrible doom.

'Taramis has placed some sort of monster in a crypt in the temple. What it is, and whence it came, none knows. But shortly after she had crushed the desperate revolt of her soldiers against Constantius, she spent a night alone in the desecrated temple, alone except for a dozen bound captives, and the shuddering people saw thick, foul-smelling smoke curling up from the dome, heard all night the frenetic chanting of the queen, and the agonized cries of her tortured captives; and toward dawn another voice mingled with these sounds—a strident, inhuman croaking that froze the blood of all who heard.

'In the full dawn Taramis reeled drunkenly from the temple, her eyes blazing with demoniac triumph. The captives were never seen again, nor the croaking voice heard. But there is a room in the temple into which none ever goes but the queen, driving a human sacrifice before her. And this victim is never seen again. All know that in that grim chamber lurks some monster from the black night of ages, which devours the shrieking humans Taramis delivers up to it.

'I can no longer think of her as a mortal woman, but as a rabid she-fiend, crouching in her blood-fouled lair amongst the bones and fragments of her victims, with taloned, crimsoned fingers. That the gods allow her to pursue her awful course unchecked almost shakes my faith in divine justice.

'When I compare her present conduct with her deportment when first I came to Khauran, seven months ago, I am confused with bewilderment, and almost inclined to the belief held by many of the people—that a demon has possessed the body of Taramis. A young soldier, Valerius, had another belief. He believed that a witch had assumed a form identical with that of Khauran's adored ruler. He believed that Taramis had been spirited away in the night, and confined in some dungeon, and that this being ruling in her place was but a female sorcerer. He swore that he would find the real queen, if she still lived, but I greatly fear that he himself has fallen victim to the cruelty of Constantius. He was implicated in the revolt of the palace guards, escaped and remained in hiding for some time, stubbornly refusing to seek safety abroad, and it was during this time that I encountered him and he told me his beliefs.

'But he has disappeared, as so many have, whose fate one dares not conjecture, and I fear he has been apprehended by the spies of Constantius.

'But I must conclude this letter and slip it out of the city by means of a swift carrier-pigeon, which will carry it to the post whence I purchased it, on the borders of Koth. By rider and camel-train it will eventually come to you. I must haste, before dawn. It is late, and the stars gleam whitely on the gardened roofs of Khauran. A shuddering silence envelops the city, in which I hear the throb of a sullen drum from the distant temple. I doubt not that Taramis is there, concocting more devilry.'

---

But the savant was incorrect in his conjecture concerning the whereabouts of the woman he called Taramis. The girl whom the world knew as queen of Khauran stood in a dungeon, lighted only by a flickering torch which played on her features, etching the diabolical cruelty of her beautiful countenance.

On the bare stone floor before her crouched a figure whose nakedness was scarcely covered with tattered rags.

This figure Salome touched contemptuously with the upturned toe of her gilded sandal, and smiled vindictively as her victim shrank away.

'You do not love my caresses, sweet sister?'

Taramis was still beautiful, in spite of her rags and the imprisonment and abuse of seven weary months. She did not reply to her sister's taunts, but bent her head as one grown accustomed to mockery.

This resignation did not please Salome. She bit her red lip, and stood tapping the toe of her shoe against the floor as she frowned down at the passive figure. Salome was clad in the barbaric splendor of a woman of Shushan. Jewels glittered in the torchlight on her gilded sandals, on her gold breast-plates and the slender chains that held them in place. Gold anklets clashed as she moved, jeweled bracelets weighted her bare arms. Her tall coiffure was that of a Shemitish woman, and jade pendants hung from gold hoops in her ears, flashing and sparkling with each impatient movement of her haughty head. A gem-crusted girdle supported a silk shirt so transparent that it was in the nature of a cynical mockery of convention.

Suspended from her shoulders and trailing down her back hung a darkly scarlet cloak, and this was thrown carelessly over the crook of one arm and the bundle that arm supported.

Salome stooped suddenly and with her free hand grasped her sister's dishevelled hair and forced back the girl's head to stare into her eyes. Taramis met that tigerish glare without flinching.

'You are not so ready with your tears as formerly, sweet sister,' muttered the witch-girl.

'You shall wring no more tears from me,' answered Taramis. 'Too often you have reveled in the spectacle of the queen of Khauran sobbing for mercy on her knees. I know that you have spared me only to torment me; that is why you have limited your tortures to such torments as neither slay nor permanently disfigure. But I fear you no longer; you have strained out the

last vestige of hope, fright and shame from me. Slay me and be done with it, for I have shed my last tear for your enjoyment, you she-devil from hell!

'You flatter yourself, my dear sister,' purred Salome. 'So far it is only your handsome body that I have caused to suffer, only your pride and self-esteem that I have crushed. You forget that, unlike myself, you are capable of mental torment. I have observed this when I have regaled you with narratives concerning the comedies I have enacted with some of your stupid subjects. But this time I have brought more vivid proof of these farces. Did you know that Krallides, your faithful councillor, had come skulking back from Turan and been captured?'

Taramis turned pale.

'What—what have you done to him?'

For answer Salome drew the mysterious bundle from under her cloak. She shook off the silken swathings and held it up—the head of a young man, the features frozen in a convulsion as if death had come in the midst of inhuman agony.

Taramis cried out as if a blade had pierced her heart.

'Oh, Ishtar! Krallides!'

'Aye! He was seeking to stir up the people against me, poor fool, telling them that Conan spoke the truth when he said I was not Taramis. How would the people rise against the Falcon's Shemites? With sticks and pebbles? Bah! Dogs are eating his headless body in the market-place, and this foul carrion shall be cast into the sewer to rot.

'How, sister!' She paused, smiling down at her victim. 'Have you discovered that you still have unshed tears? Good! I reserved the mental torment for the last. Hereafter I shall show you many such sights as—this!'

Standing there in the torchlight with the severed head in her hand she did not look like anything ever borne by a human woman, in spite of her awful beauty. Taramis did not look up. She lay face down on the slimy floor, her slim body shaken in sobs of agony, beating her clenched hands against the

stones. Salome sauntered toward the door, her anklets clashing at each step, her ear pendants winking in the torch-glare.

A few moments later she emerged from a door under a sullen arch that led into a court which in turn opened upon a winding alley. A man standing there turned toward her—a giant Shemite, with sombre eyes and shoulders like a bull, his great black beard falling over his mighty, silver-mailed breast.

'She wept?' His rumble was like that of a bull, deep, low-pitched and stormy. He was the general of the mercenaries, one of the few even of Constantius's associates who knew the secret of the queens of Khauran.

'Aye, Khumbanigash. There are whole sections of her sensibilities that I have not touched. When one sense is dulled by continual laceration, I will discover a newer, more poignant pang. Here, dog!' A trembling, shambling figure in rags, filth and matted hair approached, one of the beggars that slept in the alleys and open courts. Salome tossed the head to him. 'Here, deaf one; cast that in the nearest sewer. Make the sign with your hands, Khumbanigash. He can not hear.'

The general complied, and the tousled head bobbed, as the man turned painfully away.

'Why do you keep up this farce?' rumbled Khumbanigash. 'You are so firmly established on the throne that nothing can unseat you. What if Khaurani fools learn the truth? They can do nothing. Proclaim yourself in your true identity! Show them their beloved ex-queen—and cut off her head in the public square!'

'Not yet, good Khumbanigash—'

The arched door slammed on the hard accents of Salome, the stormy reverberations of Khumbanigash. The mute beggar crouched in the courtyard, and there was none to see that the hands which held the severed head were quivering strongly—brown, sinewy hands, strangely incongruous with the bent body and filthy tatters.

'I knew it!' It was a fierce, vibrant whisper, scarcely audible. 'She lives! Oh, Krallides, your martyrdom was not in vain! They have her locked in that dungeon! Oh, Ishtar, if you love true men, aid me now!'

## 4. WOLVES OF THE DESERT

Olgerd Vladislav filled his jeweled goblet with crimson wine from a golden jug and thrust the vessel across the ebony table to Conan the Cimmerian. Olgerd's apparel would have satisfied the vanity of any Zaporoskan hetman.

His *khalat* was of white silk, with pearls sewn on the bosom. Girdled at the waist with a Bakhauriot belt, its skirts were drawn back to reveal his wide silken breeches, tucked into short boots of soft green leather, adorned with gold thread. On his head was a green silk turban, wound about a spired helmet chased with gold. His only weapon was a broad curved Cherkees knife in an ivory sheath girdled high on his left hip, *kozak* fashion. Throwing himself back in his gilded chair with its carven eagles, Olgerd spread his booted legs before him, and gulped down the sparkling wine noisily.

To his splendor the huge Cimmerian opposite him offered a strong contrast, with his square-cut black mane, brown scarred countenance and burning blue eyes. He was clad in black mesh-mail, and the only glitter about him was the broad gold buckle of the belt which supported his sword in its worn leather scabbard.

They were alone in the silk-walled tent, which was hung with gilt-worked tapestries and littered with rich carpets and velvet cushions, the loot of the caravans. From outside came a low, incessant murmur, the sound that always accompanies a great throng of men, in camp or otherwise. An occasional gust of desert wind rattled the palm-leaves.

'Today in the shadow, tomorrow in the sun,' quoth Olgerd, loosening his crimson girdle a trifle and reaching again for the wine-jug. 'That's the way of life. Once I was a hetman on the Zaporoska; now I'm a desert chief. Seven months ago you were hanging on a cross outside Khauran. Now you're lieutenant to the most powerful raider between Turan and the western meadows. You should be thankful to me!'

'For recognizing my usefulness?' Conan laughed and lifted the jug. 'When you allow the elevation of a man, one can be sure that you'll profit by his

advancement. I've earned everything I've won, with my blood and sweat.' He glanced at the scars on the insides of his palms. There were scars, too, on his body, scars that had not been there seven months ago.

'You fight like a regiment of devils,' conceded Olgerd. 'But don't get to thinking that you've had anything to do with the recruits who've swarmed in to join us. It was our success at raiding, guided by my wit, that brought them in. These nomads are always looking for a successful leader to follow, and they have more faith in a foreigner than in one of their own race.

'There's no limit to what we may accomplish! We have eleven thousand men now. In another year we may have three times that number. We've contented ourselves, so far, with raids on the Turanian outposts and the city-states to the west. With thirty or forty thousand men we'll raid no longer. We'll invade and conquer and establish ourselves as rulers. I'll be emperor of all Shem yet, and you'll be my vizier, so long as you carry out my orders unquestioningly. In the meantime, I think we'll ride eastward and storm that Turanian outpost at Vezek, where the caravans pay toll.'

Conan shook his head. 'I think not.'

Olgerd glared, his quick temper irritated.

'What do you mean, you think not? I do the thinking for this army!'

'There are enough men in this band now for my purpose,' answered the Cimmerian. 'I'm sick of waiting. I have a score to settle.'

'Oh!' Olgerd scowled, and gulped wine, then grinned. 'Still thinking of that cross, eh? Well, I like a good hater. But that can wait.'

'You told me once you'd aid me in taking Khauran,' said Conan.

'Yes, but that was before I began to see the full possibilities of our power,' answered Olgerd. 'I was only thinking of the loot in the city. I don't want to waste our strength unprofitably. Khauran is too strong a nut for us to crack now. Maybe in a year—'

'Within the week,' answered Conan, and the *kozak* stared at the certainty in his voice.

'Listen,' said Olgerd, 'even if I were willing to throw away men on such a hare-brained attempt—what could you expect? Do you think these wolves could besiege and take a city like Khauran?'

'There'll be no siege,' answered the Cimmerian. 'I know how to draw Constantius out into the plain.'

'And what then?' cried Olgerd with an oath. 'In the arrow-play our horsemen would have the worst of it, for the armor of the *asshuri* is the better, and when it came to sword-strokes their close-marshaled ranks of trained swordsmen would cleave through our loose lines and scatter our men like chaff before the wind.'

'Not if there were three thousand desperate Hyborian horsemen fighting in a solid wedge such as I could teach them,' answered Conan.

'And where would you secure three thousand Hyborians?' asked Olgerd with vast sarcasm. 'Will you conjure them out of the air?'

'I *have* them,' answered the Cimmerian imperturbably. 'Three thousand men of Khauran camp at the oasis of Akrel awaiting my orders.'

'What?' Olgerd glared like a startled wolf.

'Aye. Men who had fled from the tyranny of Constantius. Most of them have been living the lives of outlaws in the deserts east of Khauran, and are gaunt and hard and desperate as man-eating tigers. One of them will be a match for any three squat mercenaries. It takes oppression and hardship to stiffen men's guts and put the fire of hell into their thews. They were broken up into small bands; all they needed was a leader. They believed the word I sent them by my riders, and assembled at the oasis and put themselves at my disposal.'

'All this without my knowledge?' A feral light began to gleam in Olgerd's eye. He hitched at his weapon-girdle.

'It was *I* they wished to follow, not you.'

'And what did you tell these outcasts to gain their allegiance?' There was a dangerous ring in Olgerd's voice.

'I told them that I'd use this horde of desert wolves to help them destroy Constantius and give Khauran back into the hands of its citizens.'

'You fool!' whispered Olgerd. 'Do you deem yourself chief already?'

The men were on their feet, facing each other across the ebony board, devil-lights dancing in Olgerd's cold gray eyes, a grim smile on the Cimmerian's hard lips.

'I'll have you torn between four palm-trees,' said the *kozak* calmly.

'Call the men and bid them do it!' challenged Conan. 'See if they obey you!'

Baring his teeth in a snarl, Olgerd lifted his hand—then paused. There was something about the confidence in the Cimmerian's dark face that shook him. His eyes began to burn like those of a wolf.

'You scum of the western hills,' he muttered, 'have you dared seek to undermine my power?'

'I didn't have to,' answered Conan. 'You lied when you said I had nothing to do with bringing in the new recruits. I had everything to do with it. They took your orders, but they fought for me. There is not room for two chiefs of the Zuagirs. They know I am the stronger man. I understand them better than you, and they, me; because I am a barbarian too.'

'And what will they say when you ask them to fight for Khauran?' asked Olgerd sardonically.

'They'll follow me. I'll promise them a camel-train of gold from the palace. Khauran will be willing to pay that as a guerdon for getting rid of Constantius. After that, I'll lead them against the Turanians as you have planned. They want loot, and they'd as soon fight Constantius for it as anybody.'

In Olgerd's eyes grew a recognition of defeat. In his red dreams of empire he had missed what was going on about him. Happenings and events that had seemed meaningless before now flashed into his mind, with their true significance, bringing a realization that Conan spoke no idle boast. The giant black-mailed figure before him was the real chief of the Zuagirs.

'Not if you die!' muttered Olgerd, and his hand flickered toward his hilt. But quick as the stroke of a great cat, Conan's arm shot across the table and his fingers locked on Olgerd's forearm. There was a snap of breaking bones, and for a tense instant the scene held: the men facing each other as motionless as images, perspiration starting out on Olgerd's forehead. Conan laughed, never easing his grip on the broken arm.

'Are you fit to live, Olgerd?'

His smile did not alter as the corded muscles rippled in knotting ridges along his forearm and his fingers ground into the *kozak's* quivering flesh. There was the sound of broken bones grating together and Olgerd's face turned the color of ashes; blood oozed from his lip where his teeth sank, but he uttered no sound.

With a laugh Conan released him and drew back, and the *kozak* swayed, caught the table edge with his good hand to steady himself.

'I give you life, Olgerd, as you gave it to me,' said Conan tranquilly, 'though it was for your own ends that you took me down from the cross. It was a bitter test you gave me then; you couldn't have endured it; neither could anyone, but a western barbarian.'

'Take your horse and go. It's tied behind the tent, and food and water are in the saddle-bags. None will see your going, but go quickly. There's no room for a fallen chief on the desert. If the warriors see you, maimed and deposed, they'll never let you leave the camp alive.'

Olgerd did not reply. Slowly, without a word, he turned and stalked across the tent, through the flapped opening. Unspeaking he climbed into the saddle of the great white stallion that stood tethered there in the shade of a spreading palm-tree; and unspeaking, with his broken arm thrust in the bosom of his *khalat*, he reined the steed about and rode eastward into the open desert, out of the life of the people of the Zuagir.

Inside the tent Conan emptied the wine-jug and smacked his lips with relish. Tossing the empty vessel into a corner, he braced his belt and strode out through the front opening, halting for a moment to let his gaze sweep over the lines of camel-hair tents that stretched before him, and the white-robed

figures that moved among them, arguing, singing, mending bridles or whetting tulwars.

He lifted his voice in a thunder that carried to the farthest confines of the encampment: 'Aie, you dogs, sharpen your ears and listen! Gather around here. I have a tale to tell you.'

---

## 5. THE VOICE FROM THE CRYSTAL

In a chamber in a tower near the city wall a group of men listened attentively to the words of one of their number. They were young men, but hard and sinewy, with a bearing that comes only to men rendered desperate by adversity. They were clad in mail shirts and worn leather; swords hung at their girdles.

'I knew that Conan spoke the truth when he said it was not Taramis!' the speaker exclaimed. 'For months I have haunted the outskirts of the palace, playing the part of a deaf beggar. At last I learned what I had believed—that our queen was a prisoner in the dungeons that adjoin the palace. I watched my opportunity and captured a Shemitish jailer—knocked him senseless as he left the courtyard late one night—dragged him into a cellar near by and questioned him. Before he died he told me what I have just told you, and what we have suspected all along—that the woman ruling Khauran is a witch: Salome. Taramis, he said, is imprisoned in the lowest dungeon.

'This invasion of the Zuagirs gives us the opportunity we sought. What Conan means to do, I can not say. Perhaps he merely wishes vengeance on Constantius. Perhaps he intends sacking the city and destroying it. He is a barbarian and no one can understand their minds.

'But this is what we must do: rescue Taramis while the battle rages! Constantius will march out into the plain to give battle. Even now his men are mounting. He will do this because there is not sufficient food in the city to stand a siege. Conan burst out of the desert so suddenly that there was no time to bring in supplies. And the Cimmerian is equipped for a siege. Scouts have reported that the Zuagirs have siege engines, built, undoubtedly, according to the instructions of Conan, who learned all the arts of war among the Western nations.

'Constantius does not desire a long siege; so he will march with his warriors into the plain, where he expects to scatter Conan's forces at one stroke. He

will leave only a few hundred men in the city, and they will be on the walls and in the towers commanding the gates.

'The prison will be left all but unguarded. When we have freed Taramis our next actions will depend upon circumstances. If Conan wins, we must show Taramis to the people and bid them rise—they will! Oh, they will! With their bare hands they are enough to overpower the Shemites left in the city and close the gates against both the mercenaries and the nomads. Neither must get within the walls! Then we will parley with Conan. He was always loyal to Taramis. If he knows the truth, and she appeals to him, I believe he will spare the city. If, which is more probable, Constantius prevails, and Conan is routed, we must steal out of the city with the queen and seek safety in flight.

'Is all clear?'

They replied with one voice.

'Then let us loosen our blades in our scabbards, commend our souls to Ishtar, and start for the prison, for the mercenaries are already marching through the southern gate.'

---

This was true. The dawnlight glinted on peaked helmets pouring in a steady stream through the broad arch, on the bright housings of the chargers. This would be a battle of horsemen, such as is possible only in the lands of the East. The riders flowed through the gates like a river of steel—sombre figures in black and silver mail, with their curled beards and hooked noses, and their inexorable eyes in which glimmered the fatality of their race—the utter lack of doubt or of mercy.

The streets and the walls were lined with throngs of people who watched silently these warriors of an alien race riding forth to defend their native city. There was no sound; dully, expressionless they watched, those gaunt people in shabby garments, their caps in their hands.

In a tower that overlooked the broad street that led to the southern gate, Salome lolled on a velvet couch cynically watching Constantius as he settled

his broad sword-belt about his lean hips and drew on his gauntlets. They were alone in the chamber. Outside, the rhythmical clank of harness and shuffle of horses' hoofs welled up through the gold-barred casements.

'Before nightfall,' quoth Constantius, giving a twirl to his thin mustache, 'you'll have some captives to feed to your temple-devil. Does it not grow weary of soft, city-bred flesh? Perhaps it would relish the harder thews of a desert man.'

'Take care you do not fall prey to a fiercer beast than Thaug,' warned the girl. 'Do not forget who it is that leads these desert animals.'

'I am not likely to forget,' he answered. 'That is one reason why I am advancing to meet him. The dog has fought in the West and knows the art of siege. My scouts had some trouble in approaching his columns, for his outriders have eyes like hawks; but they did get close enough to see the engines he is dragging on ox-cart wheels drawn by camels—catapults, rams, ballistas, mangonels—by Ishtar! he must have had ten thousand men working day and night for a month. Where he got the material for their construction is more than I can understand. Perhaps he has a treaty with the Turanians, and gets supplies from them.'

'Anyway, they won't do him any good. I've fought these desert wolves before—an exchange of arrows for awhile, in which the armor of my warriors protects them—then a charge and my squadrons sweep through the loose swarms of the nomads, wheel and sweep back through, scattering them to the four winds. I'll ride back through the south gate before sunset, with hundreds of naked captives staggering at my horse's tail. We'll hold a fête tonight, in the great square. My soldiers delight in flaying their enemies alive—we will have a wholesale skinning, and make these weak-kneed townsfolk watch. As for Conan, it will afford me intense pleasure, if we take him alive, to impale him on the palace steps.'

'Skin as many as you like,' answered Salome indifferently. 'I would like a dress made of human hide. But at least a hundred captives you must give to me—for the altar, and for Thaug.'

'It shall be done,' answered Constantius, with his gauntleted hand brushing back the thin hair from his high bald forehead, burned dark by the sun. 'For victory and the fair honor of Taramis!' he said sardonically, and, taking his vizored helmet under his arm, he lifted a hand in salute, and strode clanking from the chamber. His voice drifted back, harshly lifted in orders to his officers.

Salome leaned back on the couch, yawned, stretched herself like a great supple cat, and called: 'Zang!'

A cat-footed priest, with features like yellowed parchment stretched over a skull, entered noiselessly.

Salome turned to an ivory pedestal on which stood two crystal globes, and taking from it the smaller, she handed the glistening sphere to the priest.

'Ride with Constantius,' she said. 'Give me the news of the battle. Go!'

The skull-faced man bowed low, and hiding the globe under his dark mantle, hurried from the chamber.

Outside in the city there was no sound, except the clank of hoofs and after a while the clang of a closing gate. Salome mounted a wide marble stair that led to the flat, canopied, marble-battlemented roof. She was above all other buildings in the city. The streets were deserted, the great square in front of the palace was empty. In normal times folk shunned the grim temple which rose on the opposite side of that square, but now the town looked like a dead city. Only on the southern wall and the roofs that overlooked it was there any sign of life. There the people massed thickly. They made no demonstration, did not know whether to hope for the victory or defeat of Constantius. Victory meant further misery under his intolerable rule; defeat probably meant the sack of the city and red massacre. No word had come from Conan. They did not know what to expect at his hands. They remembered that he was a barbarian.

---

The squadrons of the mercenaries were moving out into the plain. In the distance, just this side of the river, other dark masses were moving, barely

recognizable as men on horses. Objects dotted the farther bank; Conan had not brought his siege engines across the river, apparently fearing an attack in the midst of the crossing. But he had crossed with his full force of horsemen. The sun rose and struck glints of fire from the dark multitudes. The squadrons from the city broke into a gallop; a deep roar reached the ears of the people on the wall.

The rolling masses merged, intermingled; at that distance it was a tangled confusion in which no details stood out. Charge and counter-charge were not to be identified. Clouds of dust rose from the plains, under the stamping hoofs, veiling the action. Through these swirling clouds masses of riders loomed, appearing and disappearing, and spears flashed.

Salome shrugged her shoulders and descended the stair. The palace lay silent. All the slaves were on the wall, gazing vainly southward with the citizens.

She entered the chamber where she had talked with Constantius, and approached the pedestal, noting that the crystal globe was clouded, shot with bloody streaks of crimson. She bent over the ball, swearing under her breath.

'Zang!' she called. 'Zang!'

Mists swirled in the sphere, resolving themselves into billowing dust-clouds through which black figures rushed unrecognizably; steel glinted like lightning in the murk. Then the face of Zang leaped into startling distinctness; it was as if the wide eyes gazed up at Salome. Blood trickled from a gash in the skull-like head, the skin was gray with sweat-runneled dust. The lips parted, writhing; to other ears than Salome's it would have seemed that the face in the crystal contorted silently. But sound to her came as plainly from those ashen lips as if the priest had been in the same room with her, instead of miles away, shouting into the smaller crystal. Only the gods of darkness knew what unseen, magic filaments linked together those shimmering spheres.

'Salome!' shrieked the bloody head. 'Salome!'

'I hear!' she cried. 'Speak! How goes the battle?'

'Doom is upon us!' screamed the skull-like apparition. 'Khauran is lost! Aie, my horse is down and I can not win clear! Men are falling around me! They are dying like flies, in their silvered mail!'

'Stop yammering and tell me what happened!' she cried harshly.

'We rode at the desert-dogs and they came on to meet us!' yowled the priest. 'Arrows flew in clouds between the hosts, and the nomads wavered. Constantius ordered the charge. In even ranks we thundered upon them.

'Then the masses of their horde opened to right and left, and through the cleft rushed three thousand Hyborian horsemen whose presence we had not even suspected. Men of Khauran, mad with hate! Big men in full armor on massive horses! In a solid wedge of steel they smote us like a thunderbolt. They split our ranks asunder before we knew what was upon us, and then the desert-men swarmed on us from either flank.

'They have ripped our ranks apart, broken and scattered us! It is a trick of that devil Conan! The siege engines are false—mere frames of palm trunks and painted silk, that fooled our scouts who saw them from afar. A trick to draw us out to our doom! Our warriors flee! Khumbanigash is down—Conan slew him. I do not see Constantius. The Khaurani rage through our milling masses like blood-mad lions, and the desert-men feather us with arrows. I—ahh!'

There was a flicker as of lightning, or trenchant steel, a burst of bright blood—then abruptly the image vanished, like a bursting bubble, and Salome was staring into an empty crystal ball that mirrored only her own furious features.

She stood perfectly still for a few moments, erect and staring into space. Then she clapped her hands and another skull-like priest entered, as silent and immobile as the first.

'Constantius is beaten,' she said swiftly. 'We are doomed. Conan will be crashing at our gates within the hour. If he catches me, I have no illusions as to what I can expect. But first I am going to make sure that my cursed sister never ascends the throne again. Follow me! Come what may, we shall give Thaug a feast.'

As she descended the stairs and galleries of the palace, she heard a faint rising echo from the distant walls. The people there had begun to realize that the battle was going against Constantius. Through the dust clouds masses of horsemen were visible, racing toward the city.

Palace and prison were connected by a long closed gallery, whose vaulted roof rose on gloomy arches. Hurrying along this, the false queen and her slave passed through a heavy door at the other end that let them into the dim-lit recesses of the prison. They had emerged into a wide, arched corridor at a point near where a stone stair descended into the darkness. Salome recoiled suddenly, swearing. In the gloom of the hall lay a motionless form—a Shemitish jailer, his short beard tilted toward the roof as his head hung on a half-severed neck. As panting voices from below reached the girl's ears, she shrank back into the black shadow of an arch, pushing the priest behind her, her hand groping in her girdle.

## 6. THE VULTURE'S WINGS

It was the smoky light of a torch which roused Taramis, Queen of Khauran, from the slumber in which she sought forgetfulness. Lifting herself on her hand she raked back her tangled hair and blinked up, expecting to meet the mocking countenance of Salome, malign with new torments. Instead a cry of pity and horror reached her ears.

'Taramis! Oh, my Queen!'

The sound was so strange to her ears that she thought she was still dreaming. Behind the torch she could make out figures now, the glint of steel, then five countenances bent toward her, not swarthy and hook-nosed, but lean, aquiline faces, browned by the sun. She crouched in her tatters, staring wildly.

One of the figures sprang forward and fell on one knee before her, arms stretched appealingly toward her.

'Oh, Taramis! Thank Ishtar we have found you! Do you not remember me, Valerius? Once with your own lips you praised me, after the battle of Korveka!'

'Valerius!' she stammered. Suddenly tears welled into her eyes. 'Oh, I dream! It is some magic of Salome's to torment me!'

'No!' The cry rang with exultation. 'It is your own true vassals come to rescue you! Yet we must hasten. Constantius fights in the plain against Conan, who has brought the Zuagirs across the river, but three hundred Shemites yet hold the city. We slew the jailer and took his keys, and have seen no other guards. But we must be gone. Come!'

The queen's legs gave way, not from weakness but from the reaction. Valerius lifted her like a child, and with the torch-bearer hurrying before them, they left the dungeon and went up a slimy stone stair. It seemed to mount endlessly, but presently they emerged into a corridor.

They were passing a dark arch when the torch was suddenly struck out, and the bearer cried out in fierce, brief agony. A burst of blue fire glared in the dark corridor, in which the furious face of Salome was limned momentarily, with a beast-like figure crouching beside her—then the eyes of the watchers were blinded by that blaze.

Valerius tried to stagger along the corridor with the queen; dazedly he heard the sound of murderous blows driven deep in flesh, accompanied by gasps of death and a bestial grunting. Then the queen was torn brutally from his arms, and a savage blow on his helmet dashed him to the floor.

Grimly he crawled to his feet, shaking his head in an effort to rid himself of the blue flame which seemed still to dance devilishly before him. When his blinded sight cleared, he found himself alone in the corridor—alone except for the dead. His four companions lay in their blood, heads and bosoms cleft and gashed. Blinded and dazed in that hell-born glare, they had died without an opportunity of defending themselves. The queen was gone.

With a bitter curse Valerius caught up his sword, tearing his cleft helmet from his head to clatter on the flags; blood ran down his cheek from a cut in his scalp.

Reeling, frantic with indecision, he heard a voice calling his name in desperate urgency: 'Valerius! *Valerius!*'

He staggered in the direction of the voice, and rounded a corner just in time to have his arms filled with a soft, supple figure which flung itself frantically at him.

'Ivga! Are you mad!'

'I had to come!' she sobbed. 'I followed you—hid in an arch of the outer court. A moment ago I saw *her* emerge with a brute who carried a woman in his arms. I knew it was Taramis, and that you had failed! Oh, you are hurt!'

'A scratch!' He put aside her clinging hands. 'Quick, Ivga, tell me which way they went!'

'They fled across the square toward the temple.'

He paled. 'Ishtar! Oh, the fiend! She means to give Taramis to the devil she worships! Quick, Ivga! Run to the south wall where the people watch the battle! Tell them that their real queen has been found—that the impostor has dragged her to the temple! Go!'

Sobbing, the girl sped away, her light sandals pattering on the cobblestones, and Valerius raced across the court, plunged into the street, dashed into the square upon which it debouched, and raced for the great structure that rose on the opposite side.

His flying feet spurned the marble as he darted up the broad stair and through the pillared portico. Evidently their prisoner had given them some trouble. Taramis, sensing the doom intended for her, was fighting against it with all the strength of her splendid young body. Once she had broken away from the brutish priest, only to be dragged down again.

The group was halfway down the broad nave, at the other end of which stood the grim altar and beyond that the great metal door, obscenely carven, through which many had gone, but from which only Salome had ever emerged. Taramis's breath came in panting gasps; her tattered garment had been torn from her in the struggle. She writhed in the grasp of her apish captor like a white, naked nymph in the arms of a satyr. Salome watched cynically, though impatiently, moving toward the carven door, and from the dusk that lurked along the lofty walls the obscene gods and gargoyles leered down, as if imbued with salacious life.

Choking with fury, Valerius rushed down the great hall, sword in hand. At a sharp cry from Salome, the skull-faced priest looked up, then released Taramis, drew a heavy knife, already smeared with blood, and ran at the oncoming Khaurani.

But cutting down men blinded by the devil's-flame loosed by Salome was different from fighting a wiry young Hyborian afire with hate and rage.

Up went the dripping knife, but before it could fall Valerius's keen narrow blade slashed through the air, and the fist that held the knife jumped from its wrist in a shower of blood. Valerius, berserk, slashed again and yet again

before the crumpling figure could fall. The blade licked through flesh and bone. The skull-like head fell one way, the half-sundered torso the other.

Valerius whirled on his toes, quick and fierce as a jungle-cat, glaring about for Salome. She must have exhausted her fire-dust in the prison. She was bending over Taramis, grasping her sister's black locks in one hand, in the other lifting a dagger. Then with a fierce cry Valerius's sword was sheathed in her breast with such fury that the point sprang out between her shoulders. With an awful shriek the witch sank down, writhing in convulsions, grasping at the naked blade as it was withdrawn, smoking and dripping. Her eyes were inhuman; with a more than human vitality she clung to the life that ebbed through the wound that split the crimson crescent on her ivory bosom. She groveled on the floor, clawing and biting at the naked stones in her agony.

Sickened at the sight, Valerius stooped and lifted the half-fainting queen. Turning his back on the twisting figure on the floor, he ran toward the door, stumbling in his haste. He staggered out upon the portico, halted at the head of the steps. The square thronged with people. Some had come at Ivga's incoherent cries; others had deserted the walls in fear of the onswEEPing hordes out of the desert, fleeing unreasoningly toward the centre of the city. Dumb resignation had vanished. The throng seethed and milled, yelling and screaming. About the road there sounded somewhere the splintering of stone and timbers.

A band of grim Shemites cleft the crowd—the guards of the northern gates, hurrying toward the south gate to reinforce their comrades there. They reined up short at the sight of the youth on the steps, holding the limp, naked figure in his arms. The heads of the throng turned toward the temple; the crowd gaped, a new bewilderment added to their swirling confusion.

'Here is your queen!' yelled Valerius, straining to make himself understood above the clamor. The people gave back a bewildered roar. They did not understand, and Valerius sought in vain to lift his voice above their bedlam. The Shemites rode toward the temple steps, beating a way through the crowd with their spears.

Then a new, grisly element introduced itself into the frenzy. Out of the gloom of the temple behind Valerius wavered a slim white figure, laced with crimson. The people screamed; there in the arms of Valerius hung the woman they thought their queen; yet there in the temple door staggered another figure, like a reflection of the other. Their brains reeled. Valerius felt his blood congeal as he stared at the swaying witch-girl. His sword had transfixed her, sundered her heart. She should be dead; by all laws of nature she should be dead. Yet there she swayed, on her feet, clinging horribly to life.

'Thaug!' she screamed, reeling in the doorway. '*Thaug!*' As in answer to that frightful invocation there boomed a thunderous croaking from within the temple, the snapping of wood and metal.

'That is the queen!' roared the captain of the Shemites, lifting his bow. 'Shoot down the man and other woman!'

But the roar of a roused hunting-pack rose from the people; they had guessed the truth at last, understood Valerius's frenzied appeals, knew that the girl who hung limply in his arms was their true queen. With a soul-shaking yell they surged on the Shemites, tearing and smiting with tooth and nail and naked hands, with the desperation of hard-pent fury loosed at last. Above them Salome swayed and tumbled down the marble stairs, dead at last.

Arrows flickered about him as Valerius ran back between the pillars of the portico, shielding the body of the queen with his own. Shooting and slashing ruthlessly, the mounted Shemites were holding their own with the maddened crowd. Valerius darted to the temple door—with one foot on the threshold he recoiled, crying out in horror and despair.

Out of the gloom at the other end of the great hall a vast dark form heaved up—came rushing toward him in gigantic frog-like hops. He saw the gleam of great unearthly eyes, the shimmer of fangs or talons. He fell back from the door, and then the whir of a shaft past his ear warned him that death was also behind him. He wheeled desperately. Four or five Shemites had cut their way through the throng and were spurring their horses up the steps, their bows lifted to shoot him down. He sprang behind a pillar, on which the

arrows splintered. Taramis had fainted. She hung like a dead woman in his arms.

Before the Shemites could loose again, the doorway was blocked by a gigantic shape. With affrighted yells the mercenaries wheeled and began beating a frantic way through the throng, which crushed back in sudden, galvanized horror, trampling one another in their stampede.

But the monster seemed to be watching Valerius and the girl. Squeezing its vast, unstable bulk through the door, it bounded toward him, as he ran down the steps. He felt it looming behind him, a giant shadowy thing, like a travesty of nature cut out of the heart of night, a black shapelessness in which only the staring eyes and gleaming fangs were distinct.

There came a sudden thunder of hoofs; a rout of Shemites, bloody and battered, streamed across the square from the south, plowing blindly through the packed throng. Behind them swept a horde of horsemen yelling in a familiar tongue, waving red swords—the exiles, returned! With them rode fifty black-bearded desert-riders, and at their head a giant figure in black mail.

'Conan!' shrieked Valerius. 'Conan!'

The giant yelled a command. Without checking their headlong pace, the desert men lifted their bows, drew and loosed. A cloud of arrows sang across the square, over the seething heads of the multitudes, and sank feather-deep in the black monster. It halted, wavered, reared, a black blot against the marble pillars. Again the sharp cloud sang, and yet again, and the horror collapsed and rolled down the steps, as dead as the witch who had summoned it out of the night of ages.

Conan drew rein beside the portico, leaped off. Valerius had laid the queen on the marble, sinking beside her in utter exhaustion. The people surged about, crowding in. The Cimmerian cursed them back, lifted her dark head, pillowed it against his mailed shoulder.

'By Crom, what is this? The real Taramis! But who is that yonder?'

'The demon who wore her shape,' panted Valerius.

Conan swore heartily. Ripping a cloak from the shoulders of a soldier, he wrapped it about the naked queen. Her long dark lashes quivered on her cheeks; her eyes opened, stared up unbelievably into the Cimmerian's scarred face.

'Conan!' Her soft fingers caught at him. 'Do I dream? *She* told me you were dead—'

'Scarcely!' He grinned hardly. 'You do not dream. You are Queen of Khauran again. I broke Constantius, out there by the river. Most of his dogs never lived to reach the walls, for I gave orders that no prisoners be taken—except Constantius. The city guard closed the gate in our faces, but we burst in with rams swung from our saddles. I left all my wolves outside, except this fifty. I didn't trust them in here, and these Khaurani lads were enough for the gate guards.'

'It has been a nightmare!' she whimpered. 'Oh, my poor people! You must help me try to repay them for all they have suffered, Conan, henceforth councilor as well as captain!'

Conan laughed, but shook his head. Rising, he set the queen upon her feet, and beckoned to a number of his Khaurani horsemen who had not continued the pursuit of the fleeing Shemites. They sprang from their horses, eager to do the bidding of their new-found queen.

'No, lass, that's over with. I'm chief of the Zuagirs now, and must lead them to plunder the Turanians, as I promised. This lad, Valerius, will make you a better captain than I. I wasn't made to dwell among marble walls, anyway. But I must leave you now, and complete what I've begun. Shemites still live in Khauran.'

As Valerius started to follow Taramis across the square towards the palace, through a lane opened by the wildly cheering multitude, he felt a soft hand slipped timidly into his sinewy fingers and turned to receive the slender body of Ivga in his arms. He crushed her to him and drank her kisses with the gratitude of a weary fighter who has attained rest at last through tribulation and storm.

But not all men seek rest and peace; some are born with the spirit of the storm in their blood, restless harbingers of violence and bloodshed, knowing no other path....

---

The sun was rising. The ancient caravan road was thronged with white-robed horsemen, in a wavering line that stretched from the walls of Khauran to a spot far out in the plain. Conan the Cimmerian sat at the head of that column, near the jagged end of a wooden beam that stuck up out of the ground. Near that stump rose a heavy cross, and on that cross a man hung by spikes through his hands and feet.

'Seven months ago, Constantius,' said Conan, 'it was I who hung there, and you who sat here.'

Constantius did not reply; he licked his gray lips and his eyes were glassy with pain and fear. Muscles writhed like cords along his lean body.

'You are more fit to inflict torture than to endure it,' said Conan tranquilly. 'I hung there on a cross as you are hanging, and I lived, thanks to circumstances and a stamina peculiar to barbarians. But you civilized men are soft; your lives are not nailed to your spines as are ours. Your fortitude consists mainly in inflicting torment, not in enduring it. You will be dead before sundown. And so, Falcon of the desert, I leave you to the companionship of another bird of the desert.'

He gestured toward the vultures whose shadows swept across the sands as they wheeled overhead. From the lips of Constantius came an inhuman cry of despair and horror.

Conan lifted his reins and rode toward the river that shone like silver in the morning sun. Behind him the white-clad riders struck into a trot; the gaze of each, as he passed a certain spot, turned impersonally and with the desert man's lack of compassion, toward the cross and the gaunt figure that hung there, black against the sunrise. Their horses' hoofs beat out a knell in the dust. Lower and lower swept the wings of the hungry vultures.
