Answers To Questions

The immortality of the child is coincident with conception itself—, therefore, at any stage of the subsequent development, if it is interfered with, there is the fact of the attempted demolition of a human life. But the essential element of it, nevertheless, still continues, will still be manifest, and grow and unfold.

CLOSING COMMENTS BY THE CONTROL

We have to thank you most heartily, friends, for the spiritual and fraternal sympathy and support you have accorded us from night to night, during this course of advanced class-meetings; and in leaving you now with our present duties concluded, with great and joyous feelings in our hearts that we have met upon the common plane of mutual desire to gain knowledge, we invoke the blessing of the highest and best upon each and every one of you, and trust that the light that has been gleaming in your souls may become a strong and growing flame of divine radiance in the future.

May your days be full of usefulness and beauty, and when the time comes for you to march forward to that greater and better realm beyond, may you be filled with the sublime and peaceful consciousness that you have endeavoured to do your best at all times; and then it shall truly be said of you, even as you will permit us in all humbleness to say of ourselves, “We have done our best, the wisest can do no more, nor should the poorest do less.” May the truth and justice of eternal righteousness and knowledge be with you and keep you henceforth and for ever more.
